F. Objection or submission

The specific parts of the application that this objection or submission relates to are:

The Mercury Bay Boating Club has been a part of the Mercury Bay Community for a long time with an important history attached to it. It existed pre Marina building in 1980's. It has developed in recent years into a proactive sport sailing education facility, for youth adults & disadvantaged.

My reasons for my objection or submission are:

Mercury Bay is in danger of losing this healthy activity! The repositioning of the club is unfortunate however the requested location is ideal. There is room for all to enjoy. Remember the Marina was built for ocean lovers including sailing yachts.

The outcomes that need to be addressed by this application are:

Give precise details, including the parts of the application you wish to have amended and the general nature of any conditions sought if the application is approved.

DOC to address the space available & make it more user friendly to all those who currently occupy the Marina area, plus Saibis

F. Objection or submission

The specific parts of the application that this objection or submission relates to are:

The establishment of a new base and relocation of the clubhouse to the proposed location

My reasons for my objection or submission are:

The Mercury Bay Boating Club has been an important part of the Whitianga and surrounding area community for over 70 years and is suffering from having no clubhouse. It promotes sailing and seamanship to youth and adults in the area, with many locals participating in the well organised learn to sail programs. The club supports water activities promoted by the local Area School, surf life saving and Sea Scouts as well as hostings a number of National Regattas and runs regular weekend and twilight racing for centboard and keel boats.. For this it DESPARATELY NEEDS A NEW BASE!
This will bring the boating community together in one place being right next to the marina and launching ramp.

The outcomes that need to be addressed by this application are:

Give precise details, including the parts of the application you wish to have amended and the general nature of any conditions sought if the application is approved.

I fully support the application

F. Objection or submission

The specific parts of the application that this objection or submission relates to are:

The amount of room it will take up there is barely enough room for boat trailers now

My reasons for my objection or submission are:

I own a boat on a mooring in the river and use the boat ramp to go to my boat like everyone else that owns boats up the river. Its a health and safety risk to kids in the river with sail boat someone is going to get hurt or worse who's going to pay for damage when they hit moored boats. The boating club is a big building and will take up a lot of room not only that it will be a eye sore to the environment
Again where are people going to park

Give precise details, including the parts of the application you wish to have amended and the general nature of any conditions sought if the application is approved.

Give precise details, including the parts of the application you wish to have amended and the general nature of any conditions sought if the application is approved.
