

**DOC recommends you do not enter this area**

**1.5km**

Department of Conservation  
Te Papa Atawhai

**Ruapehu Volcanic Risk**

Eruptions can occur at any time with no warning. The closer you are to Crater Lake and the longer you stay, the higher the risk you are exposed to.

**1.5km** - DOC recommends not to enter this area

**Lahar hazard zones** – DOC recommends not to camp or overnight in these areas

**Ski Lift**

All radii distances are measured from the centre of Crater Lake
